Smooth, Precise and unique

www.transonixgel.com

Welcome to Our World of GEL Excellence

"We produce ultrasound gel using benzene-free and heavy metal-free materials, ensuring 100% compatibility with sonography probes and fetal Dopplers. Our gel is hypoallergenic and has a skin-friendly pH, making it suitable for all skin types. Additionally, we process the gel through deaeration to eliminate air entrapped within the molecules, which can interfere with ultrasound scanning and help prevent microbial growth."

Clear. Smooth. Reliable.

1. SIZE 250ML EASY TO CARRY

Compact and lightweight 250ml size makes it convenient to carry anywhere.

3. TRANSPARENT BOTTLE

Transparent bottle design allows easy visibility of the gel quantity, ensuring timely refills.

4. EASY HAND GRIP

Ergonomically designed bottle for a comfortable and secure grip during use.

2. FLIPTOP CAP

Hygienic flip-top cap protects from contamination and avoids spillage and leakage.

5. 100% VERGIN LDPE BOTTLE

Made from 100% virgin LDPE material, the bottle is soft, durable and easy to squeeze for smooth gel flow.
